

**COMPLEMENTARY AND ALTERNATIVE MEDICINE (CAMP)  
eLEARNING and ONLINE TRAINING PROGRAM**

The Complementary and Alternative Medicine Practitioner (CAMP) program combines studies in basic health science courses (anatomy, physiology, kinesiology, pathology and biomedicine) with core courses in complementary, alternative, natural, homeopathic, holistic, herbal, and nutritional medicine, along with bodywork, hydrotherapy, and exercise therapy. CAMP's work with clients on personal wellness, health promotion, illness prevention, and in cooperation with other health care professionals for the care of patients with medically diagnosed illness and disease.

CAMP's work in hospitals, medical clinics, holistic health care centers, chiropractic offices, medical health spas, and as private practice consultants.

Students that complete the Complementary and Alternative Medicine Program receive a diploma from the Blue Heron Academy of Healing Arts and Sciences, a state licensed post-secondary school. The Complementary and Alternative Practitioner Program is licensed by the state of Michigan.

**Students must complete all the following courses:**

<u><b>HEALTH SCIENCE COURSES –</b></u>	<u><b>NATURAL HEALTH CARE COURSES –</b></u>
