The Blue Heron Academy of Healing Arts and Sciences

eLearning Program Descriptions:

Complementary and Alternative Medicine Practitioner

The Complementary and Alternative Medicine Practitioner (CAMP) program combines studies in basic health science courses (anatomy, physiology, kinesiology, pathology and biomedicine) with core courses in complementary, alternative, natural, homeopathic, holistic, herbal, and nutritional medicine, along with massage, hydrotherapy, and exercise therapy. The Complementary and Alternative Medicine Practitioner program provides you with a diploma as a Complementary and Alternative Medicine Practitioner. All Blue Heron eLearning programs are state licensed!

What Certification will I receive?

Certification: Complementary and Alternative Medicine

Where can I use this certification?

Because every state has different regulatory requirements we do not provide legal advice. We suggest that you check your state regulatory laws to make certain that you will be able to utilize this program in your state.

What additional training may I receive?

We strongly recommend combining elearning courses with apprenticeship, mentorship, internship or externship. Upon completion of your elearning program you may petition the National Board Certification Agency to sit for the national board certification exam. You might also consider attending either Blue Heron Academy residential training or continuing education seminars.

What additional books or materials will I need?

Generally, all materials are included within the elearning course materials that you will receive, however, on occasion your elearning course advisor will recommend additional books or course materials. When there are additional course materials the cost of those materials is generally less than \$50.00 except for the Complementary and Alternative Medicine Practitioner Program and the Clinical Massage Sciences Program.

Nutrition & Weight Management Program

Clinical nutrition is defined as the "sum total of the processes involved in the taking in and utilization of food substances by which growth, repair, and maintenance of activities in the body as a whole or in any of its parts are accomplished including ingestion, digestion, absorption, and metabolism." A vital aspect of the Blue Heron Academy's clinical nutrition eLearning program is its association with holistic, complementary and alternative healthcare.

The Blue Heron Academy of Healing Arts and Sciences

Weight Management Consultants are vitally needed to assist clients who are struggling with eating disorders, obesity, clinical obesity and morbid obesity. This program in weight management prepares you to work with individuals who are over fat and physically out of condition. This program teaches you the core skills needed to work with this large population of clients, including proper assessment and evaluation, long term client tracking and reassessment, medical history, dietary assessment, as well as, diet, fitness and lifestyle consultation. All Blue Heron eLearning programs are state licensed!

When there are additional course materials the cost of those materials is generally less than \$50.00.

Lymphedema Program

The Blue Heron Academy of Healing Arts and Sciences is the first school in the US to provide research based certification in Manual Lymph Drainage and Complete Decongestive Therapy in accordance with the methods and protocols established by Gregory T. Lawton, D.N., D.C. This program is a comprehensive and dynamic approach to lymphedema therapy that exceeds and moves well beyond current existing programs in lymphedema therapy. Dr. Lawton has based this program upon early techniques that were more comprehensive than the Vodder method, as well as, new physical methods based on the latest scientific research regarding lymph fluid dynamics. No other lymphedema training program has access to Dr. Lawton's new treatment protocols, but they are contained within this lymphedema training program. All Blue Heron eLearning programs are state licensed!

or course materials. When there are additional course materials the cost of those materials is generally less than \$50.00.

Practical Acupuncture

This course provides specialized information in the latest scientific and medical advancements in acupuncture. The course material in this program reviews the latest research from the fields of bio-medicine, bio-mechanics, neurology, immunology and endocrinology that demonstrates in western medical terms, how acupuncture affects the human organism. This eLearning course presents acupuncture as a neurophysiological science and as a sub-discipline of manual medicine. The Practical Acupuncture course is ideal for physicians and allied medical personnel including physical and occupational therapists, as well as, nurses who desire to add acupuncture to their therapeutic regime as a treatment modality. This program is recommended for allied medical personnel who will be working under direct physician supervision. All Blue Heron eLearning programs are state licensed!

Note: We strongly recommend combining these eLearning lecture eClasses with our hands on residential seminars and clean needle training classes.

The Clinical Massage Therapy Sciences Diploma Program

The Blue Heron Academy of Healing Arts and Sciences in partnership with the American Medical Massage Association provides the Clinical Massage Therapy Sciences Diploma Program to massage therapists who are seeking advanced training in manual therapy and additional clock hours. The AMMA is licensed by the state of Michigan to provide two post

The Blue Heron Academy of Healing Arts and Sciences

graduate diploma programs for massage therapists seeking to extend their education beyond their initial 500 or more hours of training in massage therapy. Graduates of this AMMA program will receive a diploma in Clinical Massage Therapy Sciences and a school transcript issued by the American Medical Massage Association. This is a clinical massage postgraduate program that requires a minimum of 500 hours of supervised in class training for program enrollment.

The Clinical Massage Therapy Sciences Diploma Program (CMTS) program is offered in two levels: One level is for students who do not need clock hours in core curriculum requirements such as anatomy, physiology, kinesiology, and pathology and the other level is for students that do need these additional hours, perhaps for state licensing purposes.

The CMTS Level One and Level Two programs are only provided to students that have completed 500 hours or more of in class supervised instruction.

Participants in Level One or Level Two programs will be required to send proof of having obtained a certificate of completion from a licensed massage therapy school, or comparable instruction meeting the educational requirements in a relevant field such as nursing, chiropractic or physical therapy, that provided a minimum of 500 hours of training. Transcripts must be forward to the Blue Heron Academy for review prior to the purchase of this program.

This program, upon completion, will provide you with 13 lessons in clinical massage therapy and will provide you with approximately 525 hours of education. This is a self-paced distance education program.

What Certification will I receive?

Certification: Diploma in Clinical Massage Therapy. Upon successful completion of the Clinical Massage Therapy Sciences program, you will receive a Diploma. Upon successful completion of the National Certification Exam (optional), you will receive certification through the National Board Certification Agency (NBCA).

Where can I use this certification?

Generally, the clock hours can be added to your massage therapy student transcript, but because every state has different regulatory requirements we do not provide legal advice. We suggest that you check your state regulatory laws to make certain that you will be able to utilize this program in your state.

What additional training may I receive?

The Blue Heron Academy of Healing Arts and Sciences

We strongly recommend combining elearning courses with apprenticeship, mentorship, internship or externship. Upon completion of your elearning program you may petition the National Board Certification Agency to sit for the national board certification exam.
